HOW DO THESE APPOINTMENTS HELP YOU?

Dental health examinations provide:

- Clinical examination to catch developing problems early
- Checking for signs of oral cancer for early detection
- X-rays, where clinically necessary, for an internal examination of your oral health.

Hygiene appointments provide:

- A thorough clean of the teeth and gums to remove harmful plaque
- Oral health advice and techniques to prevent tooth decay and gum disease
- Fresher breath and a brighter smile for improved self-esteem.

We believe this results in the complete package to maintain your oral health. We recommend joining to help reduce the risk of expensive restorative treatment in the future.
